BOISE – ONBASE COMMUNITY EVENT (B-OCE)

JULY 19, 2016 // ZIONS BANK BUILDING // AGENDA

8:00 AM	**Registration Opens**	Check-in and prepare for an energetic day packed with OnBase information.
9:00—9:15 AM	**Welcome & Introductions** *Beau Brazier – Integra* *Paul Clapp – Hyland* *Steve Howson – St. Luke's*	Welcome to the 2016 Boise - OnBase Community Event! What to expect from the event, and quick updates from Integra PaperLESS, Hyland creator of OnBase, and a representative from Vertical OnBase Group of User Experts (VOGUE).

Join the ECM Evolution with OnBase

9:15—10:15 AM	**OnBase 101 & Solutions for Accounts Payable** *Colleen Alber – Hyland*	OnBase is a set of tools—broken into functional areas of **Capture, Manage, Access, Integrate, Measure and Store**—that can address many of your business concerns and help your organization run more efficiently. This session will bring the six OnBase Product Categories to life, illustrating how OnBase can streamline AP invoice approval processing.

Hear from Your Peers

10:30—11:15 AM	**Human Resources Case Study** *Deena Hess – Idaho Housing & Finance Association* *Don Dutton – Canyon County*	After successfully automating a few HR processes with OnBase, IHFA decided to step back and capture a broader view of what OnBase could accomplish. With a goal of streamlining the existing automated processes and converting manual processes, IHFA continues to develop an OnBase solution that flows with the entire employment cycle. Topics include: managing position recruitment details, applicant relations and tracking employee development.
11:30—12:00 PM	**WorkView | Case Manager** *John Dunne – DataBank*	To thrive in today's complex business environment, your workforce needs a new way to work and solutions that support dynamic and often unpredictable processes. By combining data, documents and processes in a single product, OnBase offers a case management approach to solving business problems, providing organizations with a complete view of all the information they need to complete their work.
12:00—1:00 PM	**Lunch-n-Learn**	Take a break to grab a bite to eat and chat with your fellow OnBase end users, Integra, DataBank and Hyland reps. Lunch provided by Canon—enjoy!

General Track (Breakout)

1:00—1:30 PM	**Integrate with OnBase** *Colleen Alber – Hyland* *Steve Howson – St. Luke's*	Do you need to keep users, data, and business processes in sync between systems? OnBase has tools to integrate with common productivity applications like Microsoft Office, and point-and-click integration tools for enterprise applications. Learn more about connecting users, documents, and data to share information between systems with tools like Virtual Printer Driver, Application Enabler and more!
1:45—2:15 PM	**Forms & Workflow** *John Dunne – DataBank* *Customer – Organization TBD*	Document-centric processes are a burden for most organizations, but they are a required part of business. Learn how OnBase can lighten your load with Workflow and Unity Forms. During this session, we'll review the basics of process automation and form creation. Not a developer? No problem!

Government Track (Breakout)

1:00—2:30 PM	**New Solutions for Smarter Government** *James Morrison – Hyland* *Paul Clapp – Hyland*	As trends change in government, it's often difficult to keep up with shrinking budgets and increasing demand for information. Meeting the needs of today's constituent is challenging and inefficient, as they are more informed, have better access to technology and expect a higher level of service. Learn how agencies are using OnBase to meet the challenges in government including transparency, resiliency, self-service, mobility, and compliance. Join this session for an overview of the solutions built around OnBase to meet these requirements along with government-specific solutions including: Electronic Plan Review, Agenda Management, Property Appeals, Case Management and more!

Keynote and Conclusion

2:30—3:15 PM	**Future of OnBase** *Colleen Alber – Hyland* *James Morrison – Hyland*	OnBase 16 delivers tremendous value for every organization, with new products and enhancements that make it easier than ever to administer, optimize and grow your OnBase solution. We'll discuss what's 'hot, hot, hot' including trending products like Capture, Mobile, Esri maps, ShareBase and more!
3:30—4:00 PM	**Group Share** *Beau Brazier – Integra* *Paul Clapp – Hyland*	OnBase is driven by customer enhancements–so we want to hear from you! Let's come together to share our OnBase inspiration from today's event. We'll ask that each attendee jot down their top three takeways, share with their table and combine themes for presentation to the larger group. Thank you for sharing your thoughts with us!
4:00 PM	**Questions & Networking**	We will end our day with an open discussion. If you've been saving a question, this is your chance to ask the experts. Don't forget to turn in your event survey for a chance to win. Thank you for attending!
